SECOND INFANTRY'S CHANCE.

Likely to be Chosen for Grant's Monu-
ment Dedication Trip.

The state is to have a regiment at the
ceremonies attending the dedication of
the Grant monument in New York on
April 27. While it has not been absolutely
decided just what command would have
the honor, it can be stated with a consid-
erable degree of accuracy that the 2d in-
fantry, Col Clark of Springfield is to be
officially named.
The 2d is a strong, well equipped, well
officer organization. Its companies are
made up of splendid fellows from the
farms and factories and workshops of this
part of the state, and in a military way it
can do full credit to the commonwealth.
Then it has never had a chance at outside
duty and this fact alone makes it more
than probable that it will be the chosen
one. It is there will be no hard
feeling. Every soldier in eastern Mass.
knows the 2d and understands the state
its ability to do itself and the state
proud. The members of company M at
Adams are in a state of uneasiness that
their regiment should not be the one
chosen. They have been over the trip in
their minds and have found it a most en-
joyable one.

A Sad Affliction.

J. Harriot, the 11 years old daughter of
Mr and Mrs E. A. Rand, died this morn-
ing at 3 o'clock of pneumonia after an
illness of a little over a week. Every-
thing possible was done to check the dis-
ease but it held was firm and all efforts
to save the girl's life were futile. She
was a bright, gentle and lovable child and
her death is an extreme affliction to the
parents, who have the sympathy of many
friends. The funeral will be attended
from the home, corner of Chestnut and
Ashland streets, Wednesday afternoon at
2:30 o'clock. Rev Dr G. W. Brown officiat-
ing.

L. L. BROWN'S CASE.

Amended Declaration Filed. Will be
Heard in August.

The amended declaration in the case of
the L. L. Brown paper company against
L. L. Brown, which the company's attor-
neys, Crosby & Noxon, filed in Pittsfield
the other day, and which makes 184 pages
in the bill of particulars, is practically the
same action and the same items entered
some time ago. The case has been sent to
District Attorney John A. Aiken of
Greenfield as auditor, and he heard it in
part for four days last October.
At that time, the amounts involved
being several millions of transactions run-
ning over some 14 years, and as many of
the items from the books were in dispute
it was a great task. At the present hear-
ing before Mr. Aiken there were experts
in attendance on both sides, who had ex-
amined the company's books, and as the
case was then running, to go through all
the books and bring together the dis-
puted items and vouchers exhibit it would
have required months to have heard.
Since then the books and papers have
been thoroughly examined by experts in
New York on both sides, and by this
means it is intended to simplify the case
materially, by save many of the items
making up the 184 pages of the bill of par-
ticulars can be agreed upon, and need not
be examined in detail.
It is intended to place these figures in
classes or groups, either by separate
years or otherwise. The cases on other re-
spects stands as it did, and will prob-
ably be heard some time the latter part
of August or early in September. The
counsel for the paper company are Crosby
& Noxon and W. H. Brooks of Pittsfield
for the defense, Lawyer C. H. Williams
and his son of New York and Harry L.
Dewees, Jr., of Pittsfield, and the auditor
is Mr. Aiken. The time of the hearing
must be set when the attorneys are at
liberty, or out of the courts in the town
convenes.

HORRIBLE TRAGEDY

An Aged Farmer Nearly Murdered by an
Insane Swede
Bridgeport Conn April 12 - The de-
tails of an awful assault by an in-
sane Swede upon an aged farmer of
Easton reached this city. Following is
the story as told by Easton officers.
A young Swede named Peter and
employed by an aged farmer of Easton
named Hanford Lyon went and
dearly insane and while the other mem-
bers of the family were at church
nearly murdered the old man. The
Swede was finally forced to hide in
a barn and after a violent struggle
was arrested and brought to this city
by Constable Tucker. When found the
Swede fought like a demon and it was
only after he had been bound with
ropes that he could be held. The 10
mile drive to this city could be begun.
Constable Tucker who reached here at
3 o'clock with the prisoner tells the
story as follows:
The Swede had been employed by
Farmer Lyon but a short time. Mr.
Lyon's son and the Swede's wife went
to church leaving their son with his
grandfather. Upon their return they
found the child in the road near the
house crying and moaning out that his
grandfather had been killed. The old
man was found on the floor of the
house only semiconscious. He managed
to tell them that he had been attacked
by Peter who had become insane and
that his life had been saved by the
neighbors who had heard his cries for
help. The weapon with which the at-
tack was made has not been found but
it was something of the kind used in
the old man's head. Farmer Lyon
will probably recover but his condi-
tion is serious. When the Swede
reached the police station here he
struggled violently but was finally
locked up.
